DEPENDANCE...Catch 22...If you have nothing depending on you and you depend on nothing...you have nothing!
All birds, animals depend on prey, food availability, shelter, partners, safety. We all depend on clean air, water, soil, pollination. Humans depend on the dependability of natural food or manufactured, produced balanced food supply. Plants depend on soil, water, air, pollination.. others tending or predatory natural life. Humans are bumbling predators on the earth's rules and regulations flaunting all the time. Humans depend on the strong to lift or follow the weak to cheapen dumb down, prop, predate or comfort. Nothing is without dependence.

MAKE THE FOUNDATION OF THE NEW WORLD FOR GREAT MINDS AND REAL PEACE TO EVOLVE WITH PATIENCE, TIME, UNDERSTANDING, COMFORT AND A HAND OF KINDNESS.

Do not replace the real wild with fake pseudo domestic creatures for profit. It only escalated the level of human stupidity and obscene reckless denial of perpetuity. Catch 22....Most now don't care..to busy with excesses or extreme poverty.

Example.... Maybe China just believes Taiwan for cultural, economic, secure reasons, might return to the China fold peacefully on their own volition, or not, sometime in good patient time unlike the archaic invade, barbaric destroy example now by Russia on Ukraine. There is always time for good and reason to prevail. Long live the kind, wise and peaceful of all life.
